

# Xerox® Replacement Cartridges Financial Institutions

## Bank on Xerox® replacement cartridges to save you money.

**Keeping up with all the federal banking regulations is time consuming, but how you share information doesn't have to be.** Cut your per-page printing costs significantly with the Xerox risk-free guarantee. You won't sacrifice print quality, reliability or performance. You'll just save money. Our replacement cartridges for your HP® or Brother® printer can save you an impressive 20–25% over the original equipment manufacturer's (OEM) cartridge—enabling you to save on every loan application, credit report or banking record you print.

# Replacement cartridges for HP and Brother from Xerox

## You can count on a brand synonymous with quality.

When you choose a Xerox® replacement cartridge rather than one from HP or Brother, you are choosing a brand that is widely recognized for quality products. It's our history. We invented xerography, toner and laser cartridges, and we've been producing superior replacement cartridges for 20 years.

Our replacement cartridges are carefully engineered to meet all of the standards and requirements of your HP® or Brother® product. You can expect image quality and page yield equivalent to, or better than, their cartridges. They simply cost less.

## Just like you, we look for excellent ratings.

We've gone to extraordinary lengths to be sure that our replacement cartridges will hold their own in the real world—in your world. We simulate extremes of heat, cold, dryness and humidity in environmental chambers to ensure they perform for you, no matter where your printer lives. Then we conduct experiments, for example shipping a cartridge to ourselves just to see how well it withstands rough treatment, unpredictable conditions and the like. What's more, our cartridges have to pass triple testing of manufacturing quality as well as random cartridge audits. It's a level of self-examination and scientific assessment unrivaled in the industry. The result? Cartridges so problem-free, we offer an absolute, no-questions-asked guarantee.

## Our Total Satisfaction Guarantee means you don't risk a thing.

Quite simply, Xerox will replace any cartridge that you are dissatisfied with for any reason. We warrant our replacement cartridges to be free from defects in materials and workmanship for the life of the product. Our cartridges in no way impact your warranty on your HP or Brother device. If, for any reason, our cartridge damages your printer, we will pay to have the machine brought back to OEM standard performance.

## Start adding up your savings today.

It's just that easy. With Xerox® replacement cartridges for your HP or Brother printer, there's no risk, nothing to lose and cost savings to gain.

## An Investment in the Future

Our replacement cartridges not only keep more money in your wallet, they also keep waste out of landfills. Environmental stewardship is a passion with us. That's why we take OEM cartridges that have been used only once and get more productive life from their components; we typically reuse 91% of the cartridge. We're also one of the world's largest recyclers, to the tune of over 5,000 tons of toner and plastic cartridges a year. We offer a supplies return and recycling program to make it easier for you to do your part. And when you recycle spent cartridges locally, you lower your carbon footprint. It's a great way to compound interest on an investment for our future.
